

## 2024 Collaborative Group of the Americas on Inherited Gastrointestinal Cancers (CGA-IGC) & Fight Colorectal Cancer (Fight CRC) Award

### *Request for Applications*

- **FOCUS:** Early Career Award in Hereditary, Familial, or Early-Age Onset CRC in the United States
- **DEADLINE:** FRIDAY, AUGUST 23, 2024, AT 5.00 PM PACIFIC TIME
- **APPLY:** [cgaigc.com/grant-opportunities](https://cgaigc.com/grant-opportunities)
- **AWARD AMOUNT:** \$15,000
- **AWARD PERIOD:** January 1<sup>st</sup> 2025 – December 31<sup>st</sup> 2025

---

Fight CRC and CGA-IGC's joint **vision** is to improve the lives of those with hereditary and familial colorectal cancer syndromes.

Fight CRC and CGA-IGC's joint **mission** is to advance the care of patients and family members with hereditary and familial colorectal cancer syndromes by ensuring that cutting-edge clinical care paradigms inform patient support tools and policy change in an equitable and inclusive manner.

*Please review this document carefully prior to submission to ensure you have all parts of the application needed to complete the online submission. A checklist is provided at the end of this document.*

#### **OBJECTIVE**

- In collaboration with support from Fight Colorectal Cancer (Fight CRC), the Collaborative Group of the Americas on Inherited Gastrointestinal Cancer (CGA-IGC) is offering a research project award for early career investigators/clinicians.
- This mechanism will support research, quality improvement, or patient engagement projects that improve the lives of patients and/or their family members with hereditary colorectal cancer syndromes, early-age onset colorectal cancer, or familial colorectal cancer. **The project should have a specific focus on colorectal cancer.**

---

#### **DESCRIPTION**

- An award of up to \$15,000 for 1 year will be given to unique and creative projects based on competitive review. Projects do not necessarily require previous work or preliminary data. These awards are not designed to fund existing or ongoing activities. Grants submitted with matching funds will receive special attention. Each award will be for one year; however, a no-cost extension may be considered with appropriate justification and approval by the CGA-IGC Grant Review Committee.
-

Funding for these research grants comes from our generous members, partners, and sponsors.

## ELIGIBILITY & AWARD PROVISIONS

- The proposed research or activity must be investigator-initiated and conducted within the United States.
- The principal investigator must be a member in good standing of CGA-IGC at the time of grant submission and during the award period.
- Applicant must be early career, defined as:
  - - Trainees with strong mentor letter of support.
  - - Early career investigator within 5 years of completion of terminal training.
  - - Established investigators (defined as those who hold an NIH grant (R01, R29), a VA HSR&D Merit Award, or equivalent) are not eligible.
- Trainee applicants must have a mentor attesting to oversight and commitment to project completion in a letter of support.
- Members of the CGA Grant Review Committee are ineligible to receive funding from this award; however, can be co-investigators or advisors.
- Investigators may submit one application per CGA-IGC mechanism per funding cycle.
- Awards not funded may be considered for other CGA-IGC grants at the discretion of the Grant Review Committee.

***\*Important! Full CGA-IGC membership in good standing is required. To Join CGA-IGC, [click here.](#)***

- The Grant Review Committee can award a grant or renew an existing grant at its discretion and can suspend it from year to year.
- The scope of the proposed project should match the grant budget. All or part of a submitted proposal cannot be funded by another institution or agency, either local or national other than in the form of a matching grant.
- The submitting investigator and mentor, if applicable, agree to complete the project based on the specific aims and budget submitted. Changes in specific aims or scope of the proposed project may be allowed with appropriate justification and approval by the CGA-IGC Grant Review Committee.
- Salary support for the investigator(s), travel funds, or institutional indirect costs are not allowed.
- Awardee will provide a lay written summary and/or interview with the Fight CRC communications team at the start of the grant to kick off and promote the work.
- A final report will be submitted to the Grant Review Committee within three months of completion of the grant period. The CGA-IGC will provide a template for this report.
- Awardees will be asked to participate in Fight CRC/CGA-IGC webinars and/or interviews to promote funded work.
- Successful applicants must agree to acknowledge Fight CRC and CGA-IGC support in any publications or presentations that result from the research or project, with the following text: "Supported by a grant from Fight Colorectal Cancer and the Collaborative Group of the Americas on Inherited Gastrointestinal Cancer."
- All awards will be recognized at the CGA-IGC annual meeting. One or more of the investigators participating in the project are required to present their findings or project outcomes to the CGA-IGC membership at a future annual meeting.

## REVIEW CRITERIA

In evaluating the merits of an application, the Committee will consider the following:

1. The nature and clarity of the project as a discrete, well-defined activity that can be completed within the proposed study period.
2. Clinical or scientific significance or relevance of the project as it pertains to the field of inherited colorectal cancer syndromes, early-age onset, or familial colorectal cancer.
3. Overall impact of the proposal (e.g., number of individuals or institutions that will benefit).
4. Availability of other resources to complete the proposal.
5. Ability of the investigator(s) to complete the Specific Aims or objectives of the proposal.
6. Project feasibility (including the availability of adequate resources, personnel, and facilities) and measures of outcome.

## INSTRUCTIONS FOR SUBMISSION

- Documents should be formatted using 1" margins and a font no smaller than 11 point. **The scientific proposal (Specific Aims + Research Plan/Strategy) must be no more than 3 pages TOTAL.**
- Applications must be submitted through the CGA-IGC Grant Portal. All requested fields must be completed. A PDF copy of the grant application can be submitted through this portal. Please email [info@cgaigc.com](mailto:info@cgaigc.com) with any questions or for technical assistance.
- All parts of the application must be **submitted by August 23, 2024**, before 5.00 PM PT to be considered for review.

### **ALL sections below are counted in the 3-page-limit**

1. **Abstract**
2. **Background/Significance/Innovation**
3. **Including specifics of how this proposal promotes the mission of the CGA-IGC and Fight CRC**
4. **Specific Aims & Hypotheses**
5. **Pilot Data/Preliminary Work (not required, but can be included)**
6. **Project Plan/Strategy**
  - Including project design, planned analysis and statistical considerations, expected outcomes, and a timeline for completion.

### **ALL sections below items are excluded from the 3-page-limit**

7. **References Cited**
8. **Institutional Review Board (IRB) status (if applicable)**
  - If the proposal involves the participation of human subjects, this section should include institutional review board status (approved, submitted, pending submission). Please note IRB approval is not required at the time of proposal submission, but approval or submission raises the feasibility of project.
9. **Conflict of interest (if applicable)**
  - All applications should consider and address conflict of interest issues regarding copyright materials (device and drug patents).
10. **Budget**
  - A detailed proposal budget should be included. Indicate how the funds will be allocated and justify each budget item.
11. **Supporting Letters (if applicable)**
  - Mentor letters of support are required for Trainee applicants
12. **Biographical Sketch for Principal Investigator and Co-investigators (NIH format)**
13. **Current and pending other support for the Principal Investigator and mentor (if applicable)**

## KEY DATES

- **April 22, 2024** - Application site opens.
- **August 23, 2024** - Applications due
- **October 2, 2024** - Awardee notified.
- **November 13, 2024** - Recipients recognized at Annual Meeting Awards ceremony.
- **January 1, 2025** - Funding start date.

Please carefully review the checklist on the next page. Any questions, please contact us on [info@cgaigc.com](mailto:info@cgaigc.com)

## 2024 CGA-IGC AND FIGHT CRC AWARD CHECKLIST

**All grant applications must be submitted through the CGA-IGC Grant Portal.** If you have a Google account, your progress in your application will automatically save for 30 days so you can work across devices or take a break without losing a step or entered data. If you do not have a Google account or plan to take more than 30 days to complete your application, we recommend collecting all needed documents/information and entering your application in one session. **Please review the grant requirements and checklists in detail prior to submission.**

### APPLICATION ELIGIBILITY CHECKLIST:

- Confirm that you are a CGA-IGC member in good standing. This will be verified before your application is reviewed.
- The proposed project and team are located in the United States.
- The proposed project is investigator-initiated.
- The proposed project is focused on colorectal cancer research.
- There is no award overlap: CGA does not provide duplicate funding (if part of a larger study, the budget explains how funds are not duplicated).
- The principal investigator is early career define as:
  - Trainee (with mentor attesting to support).
  - Within 5 years of completion of training.
